

Job Description

Job Title: Hygiene Operative
Department: Hygiene
Reports to: Departmental Supervisor and Team Leader
Direct Reports: N/A

Main Scope of Job

A physically demanding position normally required to work across all areas of the factory, working in temperatures within the region of -18°C to 30°C (depending on Department, general area around 14°C), working with water and chemicals on wet surfaces.

Additional training is given in each area of the factory for specific duties.

General Duties and Responsibilities

- Safe use of equipment.
- Manual handling of chemical containers and trollies (containing up to 20 racks of trays) including pushing/pulling, bending and lifting trays in the correct manner.
- Adhere to Company dress code and wear the correct Personal Protective Equipment (PPE) as provided.
- Liaise with Team Leaders, Supervisor and Manager to assist with the running of the Hygiene Team.
- Maintain standards of health and safety, hygiene and security in the workplace, and adhere to them at all times.
- Clean and maintain work areas and machinery.
- Report equipment faults to maintenance staff.
- Support Production requirements during promotional activity by working in other areas of the factory as necessary.
- Any other duties commensurate with the grade and level of responsibility of this post.

The Company reserves the right to vary or amend the duties and responsibilities of the post holder at any time according to the needs of the business.
